## **INTRODUCTION**

The Rules of Conduct have been prepared to assist residents in appreciating and enjoying the lifestyle that our complex offers and encouraging them to respect the interest and welfare of all who live in it.

The managing agent is Central Development Group Asset Management (Pty) Ltd.

The managing agent carries out the landlord's instructions as per the agreement between the parties. They enforce all the rules and laws that residents must follow to ensure that the estate functions well and that we continue to have a happy and satisfied community.

The municipal by-laws and these Rules of Conduct, which govern this community, must be followed in terms of the law. It is the responsibility of the Central Developments Property Group (Pty) Ltd to ensure that these are carried out in the interest of all.

All tenants of units and other persons granted rights of occupancy by any resident of the relevant unit are obliged to comply with these rules and regulations, notwithstanding any provisions to the contrary contained in any lease or grant of right of occupancy.

## **RULES OF CONDUCT**

The Rules of Conduct are binding on all residents and persons occupying any unit. They are also responsible for ensuring that members of their families, tenants, guests, domestic workers, and any other visitor or service provider comply with them. Residents who let their units from the landlord must incorporate the Rules of Conduct in their tenancy agreements (latest copies of which are available from the managing agents and online at <https://www.centraldevelopments.co.za/2letnow/>).

In the event of annoyance, aggravation or complaints occurring between residents, an attempt should be made by the parties to settle the matter between themselves. This should be done with consideration and tolerance. When problems cannot be resolved between the parties concerned, then only should they be brought to the landlord's attention in writing.

Should the matter be of such urgency that immediate action is required, a trustee may be contacted to resolve the problem.

With regards to the interpretation of these rules, the landlord's decision is final and binding.

These Rules of Conduct supersede all previously issued rules if in conflict with it.
